house tots those things everyone loves, just house-made \$8

kitchen share

please take notice of the 3% "for the kitchen crew" surcharge on the food portion of your bill. We're stoked to implement an exciting new way of rewarding the dedicated kitchen crew, who tirelessly work to source, create and cook all the food you eat as an alternative to raising prices. The 3% Kitchen share will be fully distributed by management among the "non-tipped" kitchen team, according to their overall effort and quality of service. We thank you for helping us create a more equitable restaurant culture, community and continue to "eat serious, have fun." Cheers.
